## Personal Finance for Teens, 1st Edition

A Foundation for a Lifetime of Financial Literacy

### Overview

*Personal Finance for Teens* teaches students the tools needed to understand some of the biggest financial decisions that they will have to make throughout their lives. From goal setting and formulating a financial plan, to choosing the right insurance policy, students will develop valuable lifelong skills for making career decisions, managing their money, and creating a secure financial future into retirement. This graphically illustrated textbook brings content to life as it prepares students for their financial future.

### Features

- Hands-on, real-world end-of-chapter reviews, projects, and assessments
- Built and developed using a "non-text-heavy" format with engaging teen-based content
- Each chapter includes a list of key terms, interesting facts and statistics, and eye-catching figures
- End of each chapter provides six different review activities that allow students to use critical thinking and creativity to apply what they have learned
- Each chapter concludes with a Chapter Assessment

### Standards Correlations

- Common Career Technical Core Standards
- Common Core: Reading Standards for Literacy in Science and Technical Subjects - Grades 6-12
- Common Core: College and Career Readiness Anchor Standards for Reading - Grades 6-12
