

Evaluation Brief		
Name of Bidding Company	B.E. Publishing	
Title of the textbook, program, or series (print/digital)	Career Explorations (1st Edition)	
Subject Area	Introduction to Career Clusters	
Annotation or description that provides an overview of the instructional materials bid	<p>Career Explorations prepares students to forge their own path towards career success by introducing them to key concepts in employability skills, education and training, the job application process, and more. This text guides students in understanding the vast landscape of career possibilities in the modern working world. Students will explore a range of career options in each of the 16 Career Clusters and develop an understanding of their own interests and abilities on their way to pursuing a career suited to their unique passions.</p> <p>Across a series of hands-on computer applications projects, students will also create a comprehensive digital career portfolio featuring a resume, cover letter, interest inventory, and much more. These real-world projects challenge students to apply their knowledge of careers by using word processing, spreadsheets, presentations, and more to produce documents showcasing both their professionalism and their computer applications skills.</p>	
Author's Name and Background	<p>The Development Team at B.E. Publishing and Joy Tavano</p> <p>Joy Tavano currently works as a high school CTE teacher and author. She brings over 25 years of classroom knowledge and experience to her writing and curriculum development, leveraging the appropriate pedagogical methods and techniques to help students learn best. Her expertise in career explorations comes from hands-on teaching as well as serving as the School-to-Work Internship Coordinator. Joy understands what material teachers impart to their students when they teach and authors each title with an eye towards keeping students engaged and excited about the subject material.</p>
